EDUCATION

BS Computer Science

Quaid-I-Azam University, Islamabad

Sep 2021 - Aug 2025 CGPA: 3.7/4

ICS

IMCG (P.G.) F-7/4, Islamabad

2019 - 2021 Grade: A

SKILLS

- **Frontend:** React.js, Next.js, JavaScript, TypeScript, HTML5, Tailwind CSS, Bootstrap, Ant Design
- **Backend:** PHP, Laravel, NestJS, Flask, Node.js, RESTful APIs, Authentication
- **Databases:** MongoDB, MySQL, SQLite
- **AI & Machine Learning:** Machine Learning, Deep Learning, Computer Vision, Object Detection, Deep Fake Detection, Image Processing, Data Analysis

About Me

I am a Full Stack Developer who develops and maintains scalable web applications. I handle both frontend and backend development, build RESTful APIs, manage databases, and ensure smooth user experiences while working with modern technologies like React.js, Laravel, PHP, and Node-based frameworks.

WORK EXPERIENCE

Nov 2025 - May 2026

uExel Sollutions Pvt. Ltd. Islamabad

Full Stack Developer

- Developed scalable web applications using React.js, Next.js, PHP, Laravel, NestJS, and TypeScript across frontend and backend.
- Built responsive, user-focused interfaces with cross-browser compatibility and optimized performance.
- Worked with MongoDB, MySQL, and SQLite for database design, queries, and optimization.

PROJECTS:

Deep Fake Detection System (Final Year Project):

Full Stack Developer | React.js, Flask, MySQL, AI/ML

- Developed an AI-powered deep fake detection web application using React.js, Flask, and MySQL.
- Trained and integrated a deep learning model for media authenticity detection.
- Implemented separate role-based dashboards
- Built end-to-end frontend, backend, database, and AI model integration

Rivtec LLC (Live: <https://rivtecllc.com>)

Junior Full Stack Developer | Next.js 15, Payload CMS, MongoDB

- Developed and maintained full-stack features using Next.js, Payload CMS, TypeScript, and MongoDB.
- Built responsive user interfaces with React and Tailwind CSS while implementing backend business logic.
- Integrated MongoDB database operations.
- Collaborated on a monorepo architecture to deliver scalable and maintainable application features.

LANGUAGE

Urdu: Fluent

English: Conversational

CERTIFICATIONS

AI, Data Science & Blockchain

Organization: NAVTTC, COMSATS
University Islamabad

Microsoft Power BI

Organization: Udemy

CERTIFICATIONS (Currently Enrolled)

ACT AI:

Organization: HEC, Prime Minister’s
Youth Programme,
NAVTTC

UI/UX & Webflow:

Organization: DigiSkills Program,
Virtual University

Graphic Design:

Organization: DigiSkills Program,
Virtual University

Standup SLackbot:(Live: <https://app.meta360.dev/>)

Frontend Developer | React.js

- Developed frontend features and integrated backend APIs to display real-time employee activity data.
- Built dashboards for monitoring stand-up submissions, GitHub commit tracking, and workplace productivity metrics.
- Implemented responsive UI components and dynamic data visualization for operational insights.

Multi-Tenant Invoice Management System

Junior Full Stack Developer | Laravel 12, MySQL, Filament, Livewire

- Developed a multi-tenant invoice management platform supporting multiple companies with admin approval.
- Built invoice creation, PDF generation, email notifications, expense tracking, and revenue reporting modules.
- Implemented role-based administration and interactive dashboards using Filament and Livewire.
- Optimized database operations and business workflows for efficient financial management.

Agricultural Management Platform (In Development):

Junior Full Stack Developer | Laravel 12, MySQL, Blade, Tailwind CSS

- Developed core modules for farmer management, field surveys, user management, and reporting.
- Built secure role-based workflows, dashboard analytics, and geographic data visualization features.
- Implemented media management, data tracking, and scalable backend architecture.
- Contributed across frontend, backend, and database development while following secure development practices.

Shopify Store Customization:

Junior Frontend Developer | Shopify (Liquid, HTML, CSS, JavaScript)

- Customized Shopify themes and storefronts to meet business and branding requirements.
- Developed responsive UI components and enhanced user experience across e-commerce pages.
- Implemented custom sections, layouts, and frontend functionality within the Shopify ecosystem.
